

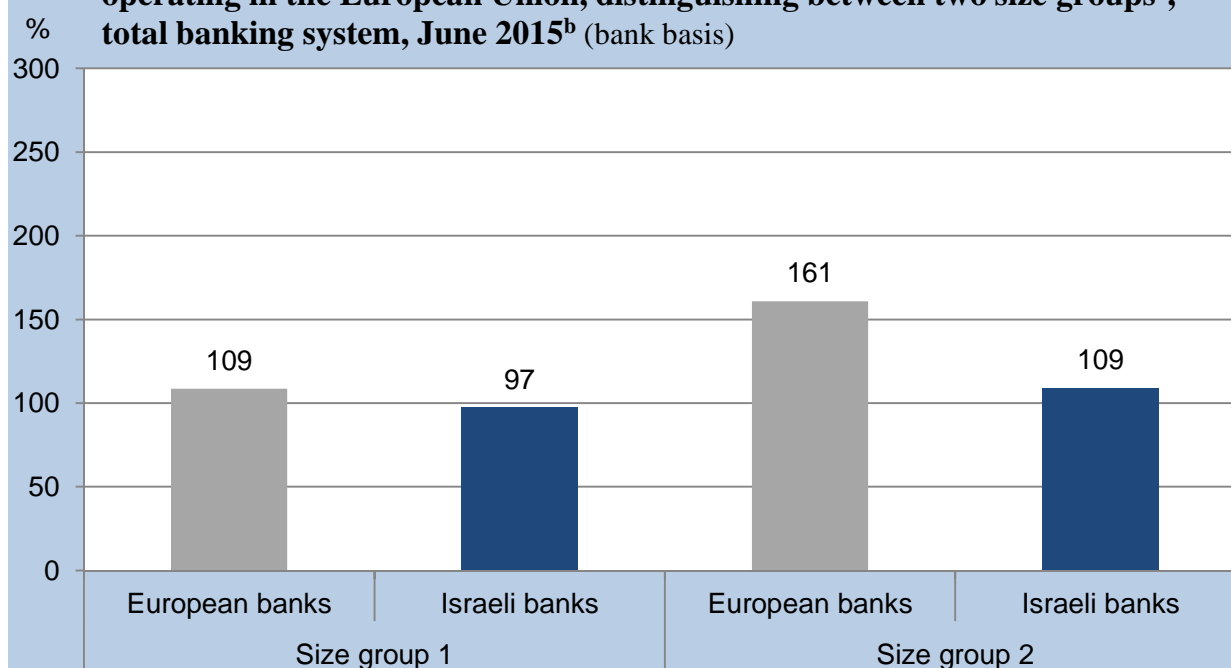

Figure 22

Liquidity coverage ratio (total activity) at Israeli banks and at banks operating in the European Union, distinguishing between two size groups^a, total banking system, June 2015^b (bank basis)

^a Size group 1 includes banks with total Tier 1 capital of more than €3 billion that are active internationally (comparable: Leumi, Hapoalim and Discount). Size group 2 includes banks with total Tier 1 capital of less than €3 billion or more than €3 billion, but that are not active internationally (comparable: all of the banking corporations in Israel other than the three largest).

^b European Union figures are the June 2014 averages.
